EXPERIENCE

WIPRO LIMITED (For IDC Technologies Sol.(I) Pvt. Ltd.)

UX/VISUAL DESIGNER | NOVEMBER, 2020-JUNE 2021

Worked in multiple in house projects for Wipro, my role & responsibilities were :

- To develop wireframes, site maps, schematics, flowcharts, working prototypes, creates designs based on specifications and documents user experience.
- To implement user-centered/ focused designs and processes in order to identify specific user needs and find best solutions..
- To provide front-end developers finalized, detailed design specifications including assets for direct implementation.

WIPRO LIMITED (For HYVA IT Solutions)

UX/VISUAL DESIGNER | OCTOBER, 2019-JULY, 2020

Project - My communication portal

My communication (Internal communication) portal started to transform the process & functionality within Wipro in order to make it's information dissemination more effective. The project aims at re-imagining the entire process & system landscape within Wipro. With the launch of this portal, Wipro will introduce a process that will bring significant difference in the functioning of the company by empowering the employee to consume company related information easily.

- Created all sketches, wireframes and mocks prototypes for Wipro's in house internal communication web portal called "MY COMMUNICATION.
- Identified and resolved flaws, conducted user research, and proposed new, original ideas on how the user experience could be improved.

Project - Wipro Legal App

- Designed few layouts & high-fidelity prototypes for Wipro's Legal web application.

Project - Performance NXT (Wipro's Appraisal Manager App)

- Designed few layouts & high-fidelity prototypes for Wipro's Legal mobile application
